THE CHALLENGE & OUR ECOSYSTEM

1. ABOUT MYEXAMS.AI

MyExams.AI, powered by Think IIT, Kota, brings over a decade of expertise in competitive exam mentoring and admission counselling. We provide personalized, data-driven guidance to help students make informed college choices based on cut-offs, seat availability, fees, and admission trends—making the counselling process simple, transparent, and reliable.

2. WHY STUDENTS MISS GOOD MEDICAL COLLEGES

A good NEET UG rank alone does not guarantee admission to the best medical college. Every year, many students miss excellent opportunities due to:

- Incorrect choice filling and preference order
- Lack of awareness about counselling rules and timelines.
- Incomplete understanding of state quota, domicile and reservation benefits.
- Missing important documents or making reporting mistakes.
- Choosing colleges without proper analysis of fees, cut-offs and future prospects.

3. OUR COUNSELLING COVERAGE

When you enrol, our team tracks, maps, and guides you across four distinct admission ecosystems simultaneously:

	MCC (15% AIQ) Counselling Guidance		AIIMS & Central Universities Guidance		Deemed & Private Medical College Support
	State Quota Counselling Support		College Prediction & Cutoff Analysis		Choice Filling & Choice Locking Strategy
	Document Verification Assistance		Seat Allotment & Reporting Support		Upgradation & Exit Strategy Guidance

4. OUR COUNSELLING FRAMEWORK

THE STRATEGIC FRAMEWORK & DELIVERABLES

Step 1 	Student Profile Assessment • Analysis of NEET Rank, Category, Domicile and Budget.	Step 2 	College Shortlisting • Colleges categorized as Dream, Target and Safe options based on previous year's cut-offs.
Step 3 	Personalized Choice Filling • Our experts will draft a customized, Choice Filling Sequence sheet tailored exclusively to your rank.	Step 4 	Round-wise Counselling Support • Guidance during Round 1, Round 2, Round 3 and Stray Vacancy rounds.
Step 5 	Admission & Reporting Support • Physical document checklist verification, medical fitness certificate guidance, and college reporting protocol support.		

5. FEATURES

- Dedicated Senior Counsellor throughout the counselling process.
- Personalized Choice Filling Strategy for every round.
- Detailed College Comparison Reports.
- Regular updates on counselling schedules and notifications.
- Unlimited counselling support during the active counselling period.

6. WHY MYEXAMS.AI

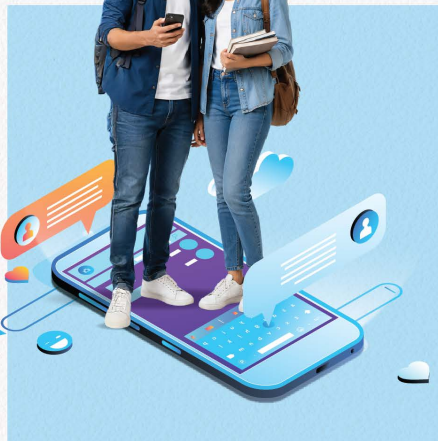

- Data-driven counselling based on previous year's admission trends.
- Experienced counselling team with structured guidance.
- Transparent and unbiased college recommendations.
- Personalized support for every student.
- Complete assistance from registration to final admission.

4. Submit your NEET Scorecard, Domicile details, and Category documents.
5. Get your Personal Counsellor assigned within 24 Hours.

9. MANDATORY POLICY DISCLAIMER

Please read carefully prior to enrollment:

	Nature of Service:	MyExams.Ai is an independent academic advisory platform. Participation in this program secures expert strategic mentorship, not a guaranteed medical seat.
	Governing Authorities:	Final seat allotment is strictly governed by a candidate's NEET merit rank, government reservation rosters, and official seat matrices published by the MCC and respective State Counselling Authorities.
	No Institutional Tie-ups:	MyExams.Ai is an independent academic advisory platform. Participation in this program secures expert strategic mentorship, not a guaranteed medical seat.
	Refund Policy	Due to the intellectual nature of proprietary data shared during onboarding, counselling fees are strictly non-refundable once the student profile analysis has commenced.
